

Create an html page called "feedback.html" containing form embedded in table as shown below in img 1. When submitted it should be directed to "ThankYou.html" page as shown in Img 2.

Img1

The screenshot shows a web browser window with the address bar displaying the file path: C:/Pratima/UMD/adjunct/HTML/CourseHTMLS/Final%20Course%20Design/Assignment/lab%20assignment/week2/LabSolution/feedback.html. The page has a light pink background. At the top left, the word "FEEDBACK" is written in red. Below it, there are three labels: "CaseID:", "Subject:", and "Comment:". The "CaseID:" label is followed by a text input field containing the number "34564". The "Subject:" label is followed by a text input field. The "Comment:" label is followed by a large text area. Below these fields, there is an "Importance:" label followed by three radio buttons labeled "High", "Medium", and "Low". The "Low" radio button is selected. At the bottom right, there is a "Submit" button.
